

Matthew 5:16

Let your light shine!

Discussion

What does it mean to let your light shine?
What can I do to let my light shine?

Song (Tune: Then Little Indians)

Be kind and loving to one another,
Be forgiving of each other
Show your love in all you do
Cause that's how God loves you!

Craft

Give them a candle and white paper. Let them draw all over the white paper with the candle. You then need to get finger paint ready. Let them paint all over the white paper softly. Their artwork will then appear magically. Explain to them that people can see their light shine only if Jesus lives in their hearts.

Worksheet activity

Let them draw the lamp and then connect it to the plug by drawing their own cable. Remind them that their light can only shine if they are connected to Jesus!

Game

Find the object: Hid the following all over the room and ask them to find all the objects that can give light. They should only point it out.

Lamp	Matches	Lantern
Candle	Torch	Light above (in room)
