Can you think of any miracles around us?

Craft

Make some play dough using any of my recipes on <http://www.easy-preschool-activities.com/preschool-ideas>

While you are cooking, let them make different shapes with the dough. Explain to them that we use dough to make bread. Remind them of the bible verse you've read. You can also let them say thanks before dinner.

Worksheet activity

Let them make up their own prayer. You will need to write it for them on the sheet supplied. Let them color it in and put it on the fridge where they can see it daily.

Game

Read to them the words and ask them which one does not belong and why?
